

Credit/Debit cards

ATM

SSM does not operate its own ATM machine, but staff/volunteers at the Information booth will be glad to advise you of the closest ATM. It is best to have cash available before you come to the market.

Checks

Ask the vendor if they accept personal checks. Each vendor has their own policy.

Credit/Debit Cards

Many vendors accept credit and debit cards. Look for your card logo on signs at participating vendor booths. SSM offers its vendors the opportunity to accept credit/debit card transactions through the Market's merchant services. Participation by vendors is voluntary.

Inform the vendor of your preferred method of payment to complete your purchase. They will complete your transaction and package your product to take home.

If the vendor uses the SSM merchant services, they will provide you with a 2-part receipt to take to the Information Booth to process your transaction.

Return with the approved receipts to the vendor booth where the vendor will have your package ready for you to carry home.

Shoppers may pick up their purchases just before they leave so they do not have to carry them around the market. Don't forget!
